

As leaders of churches in the West End of London, we are disturbed at reports of the rise in incidents of hate speech and racist acts. We commit ourselves to resisting such attitudes. We invite our congregations to continue our traditions of welcome and hospitality, and to look for active ways of celebrating diversity and exploring ways of living with difference.

We are working for a community where all are welcome and can feel safe.

Revd Sue Keegan von Allmen, West London Mission Superintendent Minister.
